

Health Screening Bundle for Ages 18-39

1. Standard Health Screening Bundle (Required)

Content		Items	Fee (\$NTD)
Standard Bundle	Physical exam	Blood pressure, waistline, height, weight, body mass index, bodycomposition analysis (InBody), vision, color vision, eye pressure	9,600
	Blood tests	RBC(red blood cell), hemoglobin, hematocrit, MCV(mean corpuscular volume), MCH(mean corpuscular hemoglobin), MCHC(mean corpuscular hemoglobin concentration), RDW (red cell distribution width), WBC(white blood cell), platelet, WBC differential (i.e., eosinophils, basophils, neutrophils, lymphocytes, monocytes)	
	Blood sugar test	Fasting blood glucose(AC glucose), Insulin & Homeostasis Model Assessment-Insulin Resistance index (HOMA-IR)	
	Lipid panel	Total cholesterol, triglycerides, low density lipoprotein (LDL) cholesterol, high density lipoprotein (HDL) cholesterol(TC/HDL-C ratio), (LDL-C / HDL-C ratio)	
	Kidney function tests	Blood urea nitrogen (BUN), serum creatinine, estimated GFR(glomerular filtration rate), uric acid	
	Liver function tests	Liver enzymes test (i.e., aspartate aminotransferase (AST), alanine transaminase (ALT), gamma-glutamyl transferase (GGT),) albumin, globulin, total protein,bilirubin, total,bilirubin, direct	
	Electrolyte panel	Sodium, potassium, calcium	
	Thyroid blood test	Thyroid-stimulating hormone(TSH)	
	Hepatitis screening	Hepatitis B antibody testing (i.e., HBsAg, Anti-HBs), hepatitis C antibody testing (i.e., AntiHCV)	
	Urinalysis	Urine color and appearance, chemical findings (i.e., protein, pH, ketones, glucose, bilirubin, nitrite, specific gravity tests), and microscopic findings (i.e., WBC, epithelial cells, crystals, bacteria)	
	Stool test	Stool occult blood test	
	X-ray exam	Chest X-ray (front and left sides)	
	Consultation	Physical examby an internal medicine physician(e.g., complete medical history, auscultation, and palpation)	
		★Gynecologic examination(for women only, includes Pap smear)	
	Other services	Lunch provided after the exams. A complete electronic report will be emailed to you.

2. Additional Bundles(※ high risk groups only)

Plan	Items	Male	Female	Fee(\$NTD)
Basic heart and vascular exam	hemoglobin A1C(HbA1C)	●	●	6,300
	Echocardiogram			
	Ankle-brachial index (ABI)			
	Cardio-ankle vascular index (CAVI)			
	Resting electrocardiogram (EKG)			
Non-invasive digestive system exam	Abdominal ultrasound (i.e., liver, gallbladder, pancreas, spleen, kidney)	●	●	2,400
	Immunochemical fecal occult blood test (iFOBT)			
	Helicobacter Pylori Stool Antigen Rapid Test			
Invasive Gastrointestinal Endoscopy exam (with Sedation)	Esophagogastroduodenoscopy(EGD)	●	●	12,000
	Colonoscopy			
	Endoscopic anesthesia (for EGD and colonoscopy)			
	CO ₂ insufflation to reduce abdominal pain, low-residue meal replacement, laxatives, simethicone(oral defoaming agent to reduce gas and bloating)			
	Resting electrocardiogram (EKG)			
	Helicobacter Pylori Stool Antigen Rapid Test			
※ Abdominal (MRI+MRCP) exam	Magnetic Resonance Imaging and Magnetic Resonance CholangioPancreatography (Abdominal MRI+MRCP)	●	●	28,000
	CA 19-9 blood test (carbohydrate antigen)			
Advanced breast screening exam	Breast ultrasound		●	16,000
	Breast MRI			
Pelvic area exam (never engaged in sexual activity)	CA-125 blood test (cancer antigen 125)		●	1,700
	Pelvic ultrasound			
Pelvic area exam	CA-125 blood test (cancer antigen 125)		●	3,900
	Transvaginal ultrasound			
	Human papilloma virus (HPV)			
Thyroid exam	Free T4 (thyroxine)	●	●	1,600
	Thyroid ultrasound			
Immune disorder exams	HLA-B27 blood test (for ankylosing spondylitis)	●	●	5,100
	KUB (kidney, ureter, bladder) and lumbosacral spine X-ray			
	Anti-CCP antibody test (for rheumatoid arthritis)			
	ANA (Antinuclear antibodies to detect autoimmune disease)			
	Rheumatoid factor (RF to detect rheumatoid arthritis)			
Antibody titer test	Hepatitis A antibody test	●	●	1,450
	Varicella Zoster Virus antibody test (chickenpox and shingles)			
	Measles, Rubella immunity profile			
Lung examination	Low-Dose Computed Tomography(LDCT)(Limited to ages 25 and above)	●	●	6,000

Plan	Items	Male	Female	Fee (\$NTD)
Hepatitis B progression assessment exam	Hepatitis B e antigen (HBeAg)	●	●	900
	Hepatitis B core antigen antibody (anti HBc)			
	HBeAg antibody (anti HBe)			
Tumor markers (Male)	Epstein-Barr Virus (EBV) DNA Detection by PCR	●		6,700
	CA 19-9 blood test (carbohydrate antigen)			
	CEA test(carcinoembryonic antigen)			
	PIVKA-II(Protein Induced by Vitamin K AbsenceII)			
	AFP(Alpha-Fetoprotein) blood test			
Tumor markers (Female)	Epstein-Barr Virus (EBV) DNA Detection by PCR		●	7,500
	CA 19-9 blood test (carbohydrate antigen)			
	CEA test(carcinoembryonic antigen)			
	PIVKA-II (Protein Induced by Vitamin K Absence-II)			
	AFP(Alpha-Fetoprotein) blood test			
	CA-125 blood test (cancer antigen 125)			
Individual service options (The price is charged according to the charging standard of the day)	Eye exam using fundoscopy and slit-lamp microscope	●	●	350
	Pure-tone hearing test	●	●	275
	Pepsinogen I/II (check for gastric cancer)	●	●	1,000
	Helicobacter Pylori Stool Antigen Rapid Test	●	●	500
	Esophagogastroduodenoscopy(EGD, includes sedation)	●	●	5,767
	Colonoscopy {includes CO ₂ insufflation to reduce abdominal pain, low-residue meal replacement, laxatives, simethicone (oral defoaming agent to reduce gas and bloating)} and resting EKG	●	●	8,922
	Breast ultrasound		●	1,176
	Human papilloma virus (HPV) test for cervical cancer		●	1,500
	Thin PREP Pap Smear (additional fee for a more accurate cervical screening test)		●	1,000
	Invitae Genetic Health Screen	●	●	28,000
	Invitae Multi-Cancer Panel	●	●	27,500
	Bone mineral density (BMD) test	●	●	1,200
	KUB (kidney, ureter, bladder) and lumbosacral spine X-ray	●	●	900
	Allergen Test Panel 40	●	●	2,430
	Allergen Test Panel 66	●	●	3,600
	Vitamin D deficiency test (D3)	●	●	800
	Syphilis test	●	●	105
	HIV (human immunodeficiency virus) test	●	●	480
	Chlamydia trachomatis RNA	●	●	1,800
	Neisseria gonorrhoeae DNA	●	●	1,560
	Urine cytology (check for abnormal cells in urine)	●	●	720
	Typhoid bacterial culture test (via stool sample)	●	●	400
	Hepatitis A infection test (detect IgM antibodies)	●	●	415
	Hepatitis A immunity test (detect IgG antibodies)	●	●	350
	Physical mobility risk exam	●	●	1,200
	Lipoprotein a	●	●	550

Important Information and Instructions:

1. The basic package is offered at a preferential rate. Items included in the package are fixed and are not eligible for substitution or refund. Any duplicated items will be identified and deducted at the time of billing.
2. If your examination includes an upper gastrointestinal endoscopy (esophagogastroduodenoscopy, EGD) or colonoscopy, biopsy and/or polypectomy may be performed if clinically indicated. You are advised to avoid air travel within 7 days following the procedure due to potential risks associated with cabin pressure changes or premature dislodgement of hemostatic clips, which may compromise wound healing.
3. For patients who have selected colonoscopy as an add-on examination, a text message notification will be sent 14 days prior to the appointment requesting payment of the bowel preparation kit fee (NTD 2,000 per person).
4. Once payment is confirmed, the preparation package will be sent ten (10) days prior to your scheduled examination. To ensure the safety of medications and food products, packages cannot be returned or exchanged once they have been shipped.
5. Add-on packages are available for individual health check-ups only. If you are enrolled in a designated program (e.g., corporate-sponsored or government employee health check-ups) and wish to add additional examinations, please contact us directly for assistance in determining eligibility and appropriate arrangements.
6. If you need to cancel your appointment, please do so online or by telephone at least 10 days prior to the scheduled examination date.
7. In accordance with environmental sustainability policies, all health examination reports are provided in electronic format. Printed reports are available upon request for an additional fee. Imaging studies on CD are also available for purchase; please apply on the day of your examination if needed.
8. The health examination report will be available within 14–21 working days. We appreciate your patience.
